

1 **Driver and Configuration**

- This MSR module has same drivers and configuration possibilities as our MCI USB keyboard series.
- The factory default configuration is ready for OPOS usage. You can change this to your demands using the latest Preh WinProgrammer.
- Further information as well as the associated software can be downloaded from <http://www.preh-keytec.com> → Support → Keyboards

turn page →

**ATTENTION**

Observe Precautions  
for Handling

**Electrostatic Sensitive  
Devices**
