

## SIK 65 Technical Data

Part number	• 1SPHSBNNBCMFWBWPVS801SPHSBNNFSTPGUUSF
Key layout	• German or US international layout (others on request) • 18 mm key grid
Color	• Black (similar to RAL 9011)
PC connection	• USB interface (< 500 mA including illumination)
Illumination	• Red LED through each key
Durability	• > 1 million operations per key
Temperature ranges	• Operating temperature -30°C to +50°C • Storage temperature -30°C to +70°C
Radio interference	• 1) CE • 2) EN 55022:2010 + AC:2011 Class B, FCC Part 15 Subpart B Class A. Electro-magnetic field according to DIN EN61000-4-3, 30 V / m. • 3) EN 55024:2010, ESD Electrostatic Discharge according to EN61000-4-2 ±20kV air discharge, ±8kV direct discharge.
Weight	• Approx. 1000g without packaging

4UBOENBSEPVU \*OU
